- Reject unknow calling, bind multiple watches
- Group voice chatting, 100 phone book numbers
- HD pictures, pedometer, alarm clock, profile
- Menu style & wallpaper change, battery low alarm
- Free tracking management platform and apps

Specification

MCU (Main chipset)	ASR8601C + 813L
Operate system	Android 8.1.0
GNSS	GPS, BEIDOU, LBS, AGPS (Class12) and Wi-Fi (indoor)
Memory	2G (RAM) + 16GB (ROM)
Languages	English, Dutch, Spanish, French, German, Vietnamese, Thai, Etc. 20+ languages
GPS antenna	High sensitive FPC antenna
Tracking accurate	GPS/BEIDOU/ (outdoor): 5~10 m; LBS (outdoor): 50~1,000 m; Wi-Fi (indoor): 10~50 m
GPS capture & tracking sensitivity	-148 dBm & -162 dBm
Shell & case	ABS + PC
Strap materials	Skin-friendly soft liquid silicone strap
Wi-Fi location	802.11b\802.11g\802.11n
Waterproof level	IP67 waterproof
Working humidity	5% to 85% non-congealable
Working temperature	-20 ~ 65 °C

Connectivity

4G bands (Eurasian Version)	FDD-LTE: B1/B2/B3/B5/B7/B8/B20
4G bands (North American Version)	FDD-LTE: B1/B2/B4/B5/B7/B12/B17/B28A
3G bands	B1/B2/B5/B8
2G bands	B2/B3/B5/B8

Appearance

Size & weight	54 x 44.2 x 14.2 mm & 38 g
Color	White, orange, black
SIM card	Nano SIM card
Screen	1.39 inches CTP screen, 360 × 360 pixels, 60HZ refresh rate
Battery capability	800 mAh polymer lithium battery (Standby time: 72 hours; working duration: 24 ~ 48 hours)
Buttons	1 button (Power on/off key and SOS button all in 1)
Camera	30W million resolutions
Motor	Support, 820
Microphone	Support, 4015L (strong back resistance)
Speaker	Support, 715
Charge interface	Magnetic charging
